Product: Fancy Pecan Halves

Mexico Trendy Flavors processes and packs fancy pecan halves as Fancy Mammoth, Fancy Jr. Mammoth, Fancy Jumbo at a SQF Certified facility

Pecan halves are shelled pecans prepared from whole, sound, mature nuts, of any variety, harvested from cultivated and crossed pecan trees Wichita and Western. Whole nuts are cleaned, shelled, sized and graded to meet and exceed the United States Department of Agriculture's Standards for Grades of Shelled Pecans.

Product Definition

U.S. standards for "halves" or "half-kernel" mean one of the separated halves of an entire pecan kernel with a maximum 1/8 of its volume broken or rubbed off. Our strict requirements for halves is that only one tip of each half shall be broken within the 1/8 volume. If both tips are broken, even within the 1/8 volume, it will not be considered a half.

Product Specifications

| | |
|--|--|
| Size Classification | Minimum 85% of lot, by weight, are halves and the remainder off-size pieces |
| Size (by count) | No. of halves per pound |
| Mammoth Halves | 250 or less |
| Jr. Mammoth Halves | 251 -300 |
| Jumbo Halves | 301 -350 |
| Chipped Halves | 351 -400 |
| Shell and Foreign Material (by weight) | 0.05% maximum |
| Meal or Dust (by weight) | 1% maximum thru 3/32" |
| Color | Fairly uniform in color, not darker than "amber" skin color |
| Color Classification | Fancy (light) Mostly golden color or lighter, max 3% by weight darker than light |
| Total Defects (by weight) | 3% maximum, due to off-sizing |
| Moisture | 4.5% maximum |

Microbiological Specifications

| | |
|---------------------|--------------------------------|
| Aerobic Plate Count | 5,000/ g maximum |
| Yeast | 500/ g maximum |
| Mold | 500/ g maximum |
| Coliforms | 100/ g maximum |
| E. coli | Negative in 10 gr |
| Salmonella | Negative |
| Aflatoxin | B1: 2ppb max – Total: 4ppb max |

Regulatory Status

Processed in accordance with the U.S. Food and Drug Administration's current Good Manufacturing Practice, 21CFR110.

Packaging Specifications

Vacuum packed in a clear poly liner, nitrogen flushed & heat sealed, in a new fibre case, tape sealed top and bottom. Cases are labelled and marked with run # and date code.

| | |
|-----------------|------------------|
| Net Weight | 30 lb |
| Gross Weight | 31.9 lb |
| Case Dimensions | 19" x 12.5" x 8" |
| Cube | 1.1 cubic feet |

*May also be packed in fibre totes with clear poly liner on slipsheet and/or pallet.

Storage Recommendations

For maximum shelf life, store at refrigerated temperatures below 1-5° C and maximum relative humidity of 55%.
